

SIX for VI

Six reasons to choose College VI

➤ Success

Our students consistently make excellent progress and achieve outstanding results; a reflection of our students' positive attitude and the high-quality teaching, making College VI the place to be for Sixth Form success.

➤ Care, Support and Guidance

All our students are assigned a tutor for the duration of their time here, to smooth the transition into Year 12, help students develop throughout their time here and offer support when and where needed. We work hard to ensure students have positive mental health and well-being, as this should never be a barrier to a young person's success.

➤ Opportunities

We provide a range of extra-curricular opportunities for students, including our student-led societies, along with Gold Duke of Edinburgh, National Citizen Service, mentoring as well as our competitive sports teams. The College also runs a number of outstanding trips, both home and abroad, offering students a rich, varied and fun experience.

➤ Choice

With almost 30 A levels, BTEC Extended Diploma in Sport as well as a GCSE in Ancient Greek and the Extended Project, we have a wide range of choice to suit students' preferences.

➤ Preparation

College VI is about preparing students for life after school. We provide one to one support throughout the University application process and have a dedicated member of staff to oversee all Oxbridge and Medical applications. For those not wishing to go to University, we have an excellent record of students gaining places on high quality apprenticeships at companies such as Google, PWC and Deloitte, supported through our Careers Director. Students will also have a week in Year 12 dedicated to learning about careers or university opportunities, as well as a week of work experience.

➤ Facilities

In College VI, our students learn in their own separate building designed for Sixth Form teaching. In addition, students have their own College VI Café, large common room, gym, and separate floor in the Library. This ensures College VI feels different to the rest of the school, whilst still enjoying the many benefits being part of an outstanding institution offers, including a theatre, dance studio, sports facilities, recording studio and Mac suites.
